Dear Sylvia,

Thanks for the effort on the JFK-MK letters.

It now looks as though I'll be in NYC for the 22nd only. If I do not stay over and have time before catching a train back, I'll give you a call. Of course, if I stay over I'll have more time.

I am to see an agent and a small publisher about some of my unprinted books.

The retyping of the addition to COUP D'ETAT is going rather slowly, for my wife has had an almost continuous headache for three or four weeks.

Nothing new. We have no new transcripts from N.C. but I'm still trying and I do believe we will get others. Paul does not yet have Finck's. When he gets it he'll do it and Frazier's. I have found enough in Frazier's to end the Report, had this not been done, and it was "defense" evidence he gave.

Best,
